

Our Quality Policy

ISO9001

PSS is a fully accredited ISO9001 company.

We are committed to providing our customers with excellent service in the supply of racking, shelving and associated storage products, which match or exceed their requirements and expectations.

The scope of our ISO9001 incorporates the design, provision and installation of storage solutions working to recognised national and in-house design codes and specifications.

The benefit of having a robust quality system ensures that the service we deliver to our Customer and efficiency of our internal processes is continually improved. Our Business Manual is available for your perusal and we are very happy to discuss any elements of this with our Customers and Suppliers.
